

General Terms and Conditions of Purchase

of SMA Australia Pty Ltd

Status: September 2021

I. General Provisions

1. These General Terms and Conditions of Purchase (hereinafter referred to as the "GTCP") shall apply to all deliveries and/or services purchased by SMA Australia Pty Ltd (hereinafter referred to as "SMA") from you (hereinafter referred to as "Supplier"), (SMA and Supplier collectively are also hereinafter referred to collectively as the "Parties" and individually as a "Party"). The GTCP shall also apply to all future deliveries of goods and services by the Supplier to SMA, and to offers of SMA to the Supplier, even if these GTCP are not specifically referenced in any agreement, order or order confirmation.
2. Any terms of the Supplier whether included in an invoice, order confirmation or any other document shall only apply in so far as SMA has consented to the inclusion of those terms in writing and signed by an authorized representative of SMA. In the event of conflict with any documents of Supplier or terms and conditions of Supplier that SMA has agreed to be bound in writing and signed by an authorized representative of SMA, the terms of the GTCP will take precedence.
3. In the event the Parties execute a separate agreement for Supplier's provision of goods and services to SMA, the terms of the GTCP shall apply even if the GTCP is not referenced. The GTCP and the separate agreement shall be interpreted as if the terms appear together and shall be interpreted in a way that renders them compatible, not contradictory to the extent possible. In the event the provisions of the separate agreement conflict with the GTCP, the terms of the separate agreement shall take precedence over these GTCP unless a contrary intent is stated. If the Supplier identifies and notifies SMA in writing within ten (10) days of the order date of any conflict, inconsistency or ambiguity among any of the documents comprising or relating to the Parties' agreement or among any of the requirements or provisions thereof, SMA shall determine in writing the proper resolution of such conflict, inconsistency or ambiguity, and both Parties shall be bound by that determination.
4. Acceptance of the goods or services by SMA shall not be deemed to be agreement to Supplier's terms or a waiver of SMA's right to full performance.

II. Orders and Order Confirmations

1. All purchases of goods and services from Supplier by SMA shall be made pursuant to an order or by an SAP order form issued by SMA to the Supplier.
2. If requested by SMA, Supplier will use SMA's supplier portal.
3. Supplier shall confirm or reject all orders in writing within three (3) business days from the date Supplier receives SMA's order, and the confirmation shall reference SMA's order number. Alternatively, Supplier may also use SMA's supplier portal if requested by SMA to confirm or reject orders. The Supplier shall not reject an order that conforms to the GTCP. The confirmation shall not modify the order in any way. Any attempt to modify the order shall be deemed to be acceptance of the order without modification. Failure of Supplier to confirm an order within three (3) business days shall be deemed to be an acceptance of the order by Supplier.
4. SMA may cancel any order within ten (10) business days of receipt of the Supplier's order confirmation without liability. After ten (10) business days from receipt of Supplier's order confirmation, SMA may request modifications to the order, including quantity, delivery date, place of delivery at any time. If the modifications are acceptable to Supplier, the Parties shall execute a modification of the order.
5. If SMA orders an initial sample, SMA reserves the right to approve serial production. If SMA rejects the initial sample, Supplier shall provide SMA all documentation reasonably requested by SMA related to the sample. Supplier shall remedy the sample and submit the samples to SMA for approval. If SMA rejects the sample a second time, SMA may cancel the order without liability or SMA can request the Supplier to repeat the procedure outlined herein.

III. Scheduled Delivery Dates, Default, Discontinuation

1. The scheduled delivery dates set forth in the order and confirmed by Supplier in the order confirmation are binding unless modified by the Parties in writing. Should the Supplier believe that it will not meet the delivery date(s), the Supplier will notify SMA immediately in writing with an explanation of the reasons for the delay, steps Supplier will undertake to expedite delivery at Supplier's cost, and new proposed delivery dates. SMA may agree to the new delivery date, cancel the order or request that the Supplier will expedite delivery of the goods at Supplier's costs.
2. If SMA has requested Supplier to use the supplier portal, the Supplier shall send the notification required in III.1 to SMA via the supplier portal.
3. SMA is not required to provide Supplier notice in the event Supplier has failed to meet the delivery date. In the event the Supplier is delayed in the provisioning of goods and services, Supplier will pay to SMA liquidated damages of 0.25 % for each day of delay. The parties agree that it would be extremely difficult to determine precisely the amount of actual damages that would be suffered by SMA due to the failure of Supplier to timely deliver the goods and/or services insofar as the delay may impact SMA's reputation or require SMA to provide non-monetary concessions to its own customer, and the Parties further stipulate that the foregoing agreed upon sum is not a penalty, but rather a reasonable measure of damages, based upon the Parties' experience and given the nature of the losses that may result from delay. Notwithstanding the foregoing, the right to assert additional damages or any other claims (in particular extra freight charges, extra production costs, additional set-up costs, overtime supplements etc., cost to cover shall be in addition to the liquidated damages. This provision shall apply in the event of concurrent delay or delay caused by a third-party. In the event the liquidated damages clause set forth herein is found to be a penalty, the Parties agree that the liquidated damages provision shall not apply, and SMA may avail itself of all remedies available to it under law.
4. Should the Supplier breach any of the provisions of the GTCP, SMA may cancel any or all outstanding order(s) or terminate this GTCP at any time and without liability to Supplier, if the Supplier does not remedy breach within ten (10) working days' of the date of the written notice from SMA to the Supplier. The remedies for Supplier's breach are cumulative and shall also include the extra costs arising in the event that a replacement is procured from a third party.
5. SMA may, in addition, terminate or rescind the GTCP or order(s) without liability, if the Supplier has stopped performance of its services ordered by SMA upon notice to Supplier, and the Supplier has failed to recommence performance within five (5) days of receipt of SMA's notice. In addition, SMA may terminate the GTCP and/or cancel all orders, if the Supplier has failed to make payments in the ordinary course of business or the Supplier has filed a petition for insolvency or if involuntary insolvency proceedings are instituted against it or credit has been refused due to insufficiency of assets.
6. SMA may, at its option, terminate or rescind the GTCP or order(s) in whole or in part, for its convenience by written notice stating the extent and effective date of such termination. Upon receipt of such notice, Supplier shall, to the extent directed by SMA, immediately: (i) stop work under the order and place no further order hereunder; (ii) terminate work under outstanding orders which relate to work terminated by such notice, (iii) immediately cause any of its suppliers or subcontractors to cease such work, and; (iv) protect property in Supplier's possession in which SMA has or may acquire an interest. To the extent Supplier has incurred expenses directly arising from the termination under this Section III. 6, the Supplier will submit to SMA its expenses no later than twenty (20) days from the effective date of termination. Supplier agrees to allow SMA the right to audit its books, records, and documents relating to its termination claim. If the Parties cannot agree within ninety (90) days upon compensation for termination under this Section, and so long as Supplier is not otherwise in breach or violation of an order, SMA's liability to Supplier will be limited to payment of the unpaid balance for the goods and/or services that Supplier has actually and properly delivered and completed prior to the date of termination plus actual direct costs resulting from the termination (not including unearned overhead and anticipated profits) and for which SMA has accepted. Supplier shall not be paid for any work or services performed after receipt of notice of termination, or for any costs incurred by Supplier, Supplier's suppliers or subcontractors which Supplier could reasonably have avoided. Supplier will, if directed by SMA, transfer title to and make delivery of any such goods and/or services in process, or inventory not retained or sold with SMA's written consent.
